BLOOD COLLECTION LOG

Cage-side record - record blood removed, including discarded blood

Patient: _____ **Record / cage:** _____

Species: _____ **Weight:** _____ **kg**

Sheet start: _____ **Clinician:** _____

ESTIMATED BLOOD VOLUME	WORKBOOK 24-HOUR GUIDE	WORKBOOK 14-DAY GUIDE
_____ **mL**	_____ **mL**	_____ **mL**

Method / assumptions: _____

Workbook planning estimates are not universal patient-specific limits; follow the clinician-approved plan.

Clinician-approved plan: _____ mL / 24 hr _____ mL / 14 days Initials: _____

Prior removal carried forward: last 24 hr _____ mL last 14 days _____ mL

Date	Time	Blood removed (mL)*	Sheet running total (mL)	Draw site	Test / reason	Initials

Sheet total: _____ mL Rolling 24-hour total: _____ mL Rolling 14-day total: _____ mL

Notes / changes: _____

*Include discarded blood; do not count saline flush as blood. Rolling totals include prior draws and other sheets.

Both time windows apply. A new sheet does not reset the allowance. This is a manual log; totals are not automatic.
